

Announcement on Expiration and Termination of UL License for certain machines

16 December, 2020

Dear valued customers,

This letter serves as a formal notification that the following FUJIPLA roll laminator models in 100 voltage with UL certification are expired on 20 December, 2020:

The purchase of the following roll laminator models in 110 voltage with UL certification are temporarily unavailable in 2021:

LPE3510;
LPE6510

※ These models are in the UL License review process, supply will be resumed after renewal of UL certification.

KALBAS & Co. Limited has decided to cease the renewal of UL License for below FUJIPLA machine models after its expiration:

The purchase of the following roll laminator models in 110 voltage with UL certification are no longer available:

LPV1200;
LPV1600

※ Expiration of UL Certification for above machine models will not affect products already bearing the UL Mark, as the product complied with the requirements in effect at the time manufacture and the application of the Certification Mark.

While we regret any inconvenience this announcement may cause, we are eager to devote efforts into research and development of new products and supply your future product requirements with our quality FUJIPLA product line.

KALBAS & Co. appreciates and values our business relationship and looks forward to your continued interest in FUJIPLA products.

Should you have any questions, please reach us by email: sales@kalbas.com.hk or by phone: +852 2156 1361.

Sincerely,

Gary Chen
General Manager
KALBAS & Co. Limited
